

Aviation Gateway Resources

AVIATION GATEWAY STUDENT PACKAGE \$125

Student Manuals and Assessment Tasks for:

- **US 19587** Demonstrate knowledge of internal structures in the civil aviation industry in New Zealand
- **US 20677** Demonstrate knowledge of the principles of aircraft flight
- **US 19585** Describe the development of aviation from pre World War I through to current times
- **US 19586** Identify aviation support structures, aircraft types and operations in New Zealand

These resources are also available separately for \$25 each

Gateway Assessment Tasks for:

- **US 20676** Demonstrate knowledge of aviation careers and training options
- **US 16818** Demonstrate knowledge of aviation industry law, systems and procedures

These resources are also available separately for \$10 each

Gateway Workplace Experience Record:

This resource contains questions that are designed for students to complete prior to their work placement and on Day One in the workplace, to ensure they are properly prepared for their work placement. Their experiences on the job can then be logged throughout the duration of their time in the workplace.

Gateway Workplace Handbook:

This handbook outlines the roles and responsibilities of the workplace in the Aviation Gateway Programme, the types of workplace experience that would be valuable to the student, and examples of what the student is expected to record throughout their experience.

These two resources are available also separately for \$15 each

GATEWAY COORDINATOR PACKAGE \$15

Common Assessment Tasks with schedule/answers for:

- **US 19587** Demonstrate knowledge of internal structures in the civil aviation industry in New Zealand
- **US 20677** Demonstrate knowledge of the principles of aircraft flight
- **US 19585** Describe the development of aviation from pre World War I through to current times
- **US 19586** Identify aviation support structures, aircraft types and operations in New Zealand

These resources are also available separately for \$10 each

Gateway Coordinator Handbook:

This handbook assists Gateway Coordinators by providing information about workplace relationships, school obligations, and the requirements of students throughout their Gateway experience.

This resource is also available separately for \$15

Optional Extras

AVIATION GATEWAY WORK KIT \$30

The Aviation Gateway Work Kit contains hearing protection and a hi-visibility vest to protect the safety of Gateway students in the workplace. This kit is required by all Aviation Gateway students when workplaces are unable to provide safety gear, and will be stipulated in the Memorandum of Understanding (MoU) by the participating Gateway workplace.

ASSESSMENT SERVICE

Please contact ATTTO if you would like to find about assessment marking services. This service is available for a fee if you are not accredited for these unit standards.
